

# EXH Series

Heavy Flail  
5.5t – 10.5t

**osma**  
Since 1976

EXH flail Series is designed for 5.5-10 ton excavators to cut dense vegetation and standing material up to 4 inches. The EXH has been introduced to the North American market for customers that want to accomplish land clearing and vegetation removal without the need of a fixed tool rotor.

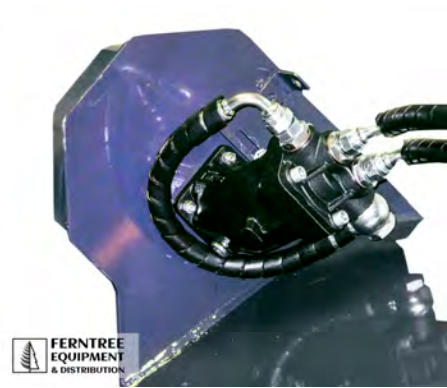

# EXH Series

Performance

Easy Maintenance

Fixed Piston Hydraulic Motor

## Technical Specification EXH 100

Weight lbs	Flow Gpm	Pressure Psi	Width Inch	Tools #	Motor ccm	Drive line
