YOUR QUALITY BRAND CONNECTION

The **FF-L** forestry mulcher, engineered for **2–5 ton** excavators, excels in shredding material up to 5” diameter. Its **advanced Bite Limiter technology** is optimized for high-efficiency vegetation management, offering exceptional reliability, efficient shredding, and ease of maintenance. The **FF-L** features a **Direct Drive motor**, which not only reduces maintenance but also enables a remarkably compact machine design. Additionally, the **FF-L** can be fitted with Planer blades and Carbide teeth, further enhancing its versatility and performance.
